McGILL TRIPLES SCORE ON QUEEN'S OWN ICE

Queen's Scores First Two in Rapid Succession But Fades
Away—Double Defense Proves Impregnable—
Forwards Work Like Perfect Machine—
Rankin Wonderful

Kingston, Ont., Feb. 9.—(Special to McGill Daily)—The Intercollegiate hockey game here this evening between McGill and Queens attracted unusual attention. In view of the fact that McGill only managed to win out by a single goal in Montreal local authorities all picked Queen's to do the trick with ease on the return fixture.

The crowd started to assemble early and by the time the teams came on the ice the rink was packed to capacity. The Queens rosters Club was well organized and did excellent work. The small band of McGill supporters were enthusiastic and persisted in yelling for their team through thick and thin.

Line-up:—

McGill	Goal	Setter
Warwick	Point	Blakely
Hughes	Cover	Trimble
Rankin	Rover	George
Scott	Centre	Hunt
Thompson	Left	McKinnon
Ryley	Right	Smith
Smith		

Referee—Jack Marshall

Time-keeper—Harry Hull.

The game opened with Queens in possession and McGill apparently disorganized. The Tricolor forwards worked with lightning rapidity and scored their first in five seconds.

Score:—

Queens—1.

McGill—0.

After four minutes of play with Queens showing marked superiority they scored again.

Queens—2.

McGill—0.

McGill began to buck up. Smith at right wing was replaced by Masson who proved much better. Scott scored from a pretty combination in three minutes.

Queens—2.

McGill—1.

Play is now in McGill's favor. Queens cannot get in on the double defense game and the Red and White forwards are working beautifully. Thompson scores in one minute.

McGill—2.

Queens—2.

Scott scores two more in rapid

succession after brilliant combination rushes.

McGill—4.

Queens—3.

Hunt of Queens scores from a mix-up and the half ends.

Half time score:—

McGill—4.

Queens—3.

The second half opened with McGill holding the game well in hand. Combination and stick-handling were the most prominent features of the Red and White. Thompson and Scott were particularly good. After four minutes of see-saw rushes Thompson scored.

McGill—5.

Queens—3.

Three minutes later Masson broke in suddenly from his wing and with lightning speed eluded the whole Queens defense.

McGill—6.

Queens—3.

Play resumed and Bill Hughes was benched for roughing it. Queens came back strong and played five men on their forward line but all to no avail. Masson dropped back and filled Hughes' place temporarily. Thompson scored in two minutes.

McGill—7.

Queens—3.

The outcome of the game is no longer in doubt. Queens played with the courage of desperation and put up a plucky fight but the opposing odds were tremendous. Right from the start Scott dashed down the ice and scored in twelve seconds.

McGill—8.

Queens—3.

Play resumed and Masson received a slight injury. McGill commenced to play on the defensive but not to such an extent that the forwards could not get away to a combination run. Thompson scored the last in one minute. The game ended without further incident.

Final score:—

McGill—9.

Queens—3.

For McGill Rankin played the greatest game of his career. Among the rest there was little to choose. Every man played stellar hockey and such team-work was never seen before on the Queen's rink.

McGILL OUTCLASSES QUEEN'S IN THRILLING EXHIBITION

The Red Five Springs Big Surprise in Kingston—Intercollegiate Chances are Excellent

Kingston, Ont., Feb. 9.—(Special to McGill Daily)—The McGill basketball team had little trouble in disposing of the Queen's aggregation this afternoon on the floor of the latter's gymnasium. The game was called for 4.30 sharp, but was delayed a few minutes as usual. Sharp at 4.45 the teams lined up and the referee blew his whistle. The game opened at a good fast clip with Queen's pressing. The first six points went to the tricolor before McGill found the basket. Then with a rush the Red and White came from behind and fairly ran Queen's off their feet. The combination plays and precision of the McGill five were dazzling. In five minutes they scored fourteen leading 20 to 10.

The second half began with Queen's on the aggressive, playing rings around the Red and White. For a while it looked as if the Presbyterian

would come back with a rush and out-condition the visitors. But Queen's were weak in combination, and superior condition could not overcome this handicap. The game ended with McGill a winner by 32—19. Baldwin, Burroughs and Duffield starred for McGill; Meek and Erskine for Queen's.

The above despatch will be welcome news to McGill men, because it places us on equal footing with Toronto and makes the odds for final honours about even. On their home gym, the Red Five can be counted upon to put up the game of their lives, especially when the championship is at stake. Feb. 16th promises to be a great day in Intercollegiate athletics.

According to statistics compiled by the Bureau of Education, the college buildings in the United States are worth \$211,440,000.

NO OFFICIAL CAMPAIGN MEETING IN THIS YEAR'S COUNCIL ELECTION

Students Council Would see Theatre Night Changed—
Comprehensive Plan for Universal Fee Submitted
—Dance Committees Report Progress

Several matters of unusual importance were discussed and decided upon at the meeting of the Students' Council on Thursday evening. Reports from the committees working on the Alma Mater Dance were all of a satisfactory nature and indicated splendid progress in the various departments.

The manner of conducting the annual Council elections this year caused a lengthy and spirited debate on the merits of a campaign programme. The Council finally resolved to change the system of electioneering at present in vogue. This year there will be no campaign meetings called by the Council in behalf of any of the candidates.

A scheme for the reconstitution of the financial basis of undergraduate activities was submitted to the Council by Mr. A. K. Hugessen. The plan was very comprehensive and revealed much originality and industry. It

was decided to place separate copies in the hands of all members of the Council so that they might be able to discuss the details of a scheme which involves such a great change. A resolution of appreciation of Mr. Hugessen's enterprise and industry was unanimously passed.

The Council threshed out the question of the advisability of continuing the custom of an official theatre night. It was the opinion of the meeting that the present arrangement were decidedly unsatisfactory, in that they led to much unpleasantness and frequent deficits. A motion was passed recommending that at the annual meeting a resolution be introduced to abolish the present theatre night and in its place to substitute Vaudeville night.

Among other matters of detail it was decided for the future to publish a resume of Council proceedings in the Daily.

THIRD TEAM WINS VERY FAST GAME FROM JUNIOR VICS

McGill Maintains Lead From Start — Good Checking Back and Combination

The Junior team won from Junior Vics in a close game last night at the Vic rink. The play was fast and was characterized by close and heavy checking by McGill, combined with good combination and checking back. The play was even, going from end to end in combination plays by both teams, until Abbott rushed, put a beautiful pass over to De Muth, who went in on the nets and scored.

The play was mostly at the McGill end for a while until Gamble shot, and the puck dribbled into the McGill nets. Both teams played good combination for the next interval and played fast. Frank McGill got as far as point and then shot a beauty, making the score 2-1 for McGill.

Near the beginning of the second half Vics came down in good order, the puck was passed out to Douglass alone at left, who skated in to centre and shot. Mann stopped the puck with his stick but it flew up and touched the net near the top. The score was then tied and both teams put up a fine struggle. The play went from end to end in fast combination plays by both teams, McGill checking back every time. Graham got a pass when he was near the side and lifted a high one, netting the last goal for McGill.

The remaining five minutes of play was fast, but McGill had slightly the better of it, and the game ended 3-2 for McGill.

De Muth and McGill played a good game for McGill. Stewart and De Muth used their bodies in checking to good effect during the second half. Mann played a fine game in goal, while Stewart at cover point checked well and made some good rushes. Graham as rover kept in the play all the time and was very effective. Darling at left stayed with his man and checked back splendidly.

The line-up was as follows:
Victoria McGill.
MacDonald goal Mann
Patterson point Abbott
Wood cover Stewart
Smart rover Graham
Doig centre McGill
Dodgless l. wing Darling
Gamble r. wing De Muth
Referee — Fraser of M. A. A. A.
Judge of Play—Brady of Loyola.
Time keepers—Brophy and Nelson.
Goal umpires—F. Drebnar and Gilchrist.

THE ROOTERS CLUB IS OUT FOR CORE

Great Plan for Final Game—
Enthusiasm Everywhere

Up to date very few new parodies have been handed in for the hockey song sheet. What is the matter with all the rhyme makers? We've got to have some new songs to sing at the arena next Friday, and the sooner we get them the better we can learn them.

Watch the "Daily" bulletin at the gate for notices of the practices. They will be held in Strathcona Hall.

NEW SONG BOOK AT LAST

Some time ago we had occasion to refer to the pressing need for a new song book which exists at McGill. It is highly gratifying, then, to know that a committee has taken up this matter and is now in a position to report very favorable progress. This committee has, as representatives from the graduates, Messrs. Steadman and Cousin who are without doubt most eminently qualified to control such a compilation as a McGill song book. From the undergraduates are Messrs. Rogers, Smith, Lenny and Armstrong. A pleasing feature of the committee is that the Royal Victoria College is represented.

So far, so good. The committee has been organized and is now working vigorously, but it must have abundant co-operation to secure satisfactory results. The task of compiling and composing a university song book cannot be handled by any single committee. Suggestions and assistance from every possible viewpoint are absolutely essential. In order to induce interest and create a spirit of competition, the Council is offering a prize for the best original McGill song to be contributed by an undergraduate. This, of course, is to be of a serious nature, and preferably to be original both as to tune and words. All students musically or poetically inclined should enter into this competition, not so much for the sake of the prize, but for the honour of being able to contribute in a positive manner to the success which we trust will attend the song book. This contest will close on March first, so that all compositions must be submitted to the committee prior to that date. Come on you McGill men, get actively interested in this new project and see that the committee does not miss any suggestions which you may have thought out.

EDITORIAL NOTES.

Great work you hockey and basketball men! McGill is proud of you! We are now more than an even favorite for the hockey honours, while our basketball chances are on a par with those of Varsity. Next Friday will probably determine both championships. But no matter what happens now Toronto cannot win the hockey without a post-season play-off.

It is with peculiar interest that McGill men will watch the papers next week for the results of the hockey matches in which the Blue and White participate. The international and particularly the international intercollegiate athletic fixtures are of no small significance. The broader outlook and larger spirit which inevitably result from this intercourse are well worth the seeking, and it is to be hoped that cordial relations will continue and develop even more between the great universities of Canada and the United States.

While we extend our best wishes to Varsity for an unbroken series of victories while they are in the States, we feel that the winning or losing of a game is, or should be, the least important of the desiderata. The exchange of ideas, the glimpse of affairs from others' viewpoints, the manifestation of true sportsmanship are the factors which go to make a success of such a trip. We feel that Canadian honour will not be at stake when Varsity are the principals in the coming series.

For a number of years Varsity has sent a lacrosse team to a number of American colleges after the close of the academic session in May. The team has always won a majority of its games, and often all of them. It is rumored that the Athletic Directorate at Toronto is contemplating the discontinuance of this tour. Now the McGill Daily does not for a moment wish to criticize that body, indeed, the rumor may not be founded upon fact; nevertheless, we feel that such tours are productive of so much good that it should be only for some very strong reason that they be not continued. It has often been advocated in some quarters at McGill that a lacrosse club be formed, but the late season and the early closing of the University have rendered it hitherto impracticable.

WRESTLERS INSTRUCTOR GREATLY PLEASED

Mr. Smith Picks Locals to
Win Intercollegiate

Mr. Smith, the McGill wrestling instructor is highly pleased at the showing of his proteges in the Annual Route on Wednesday evening. Mr. Smith's detailed criticism of the various events will appear in our issue of Monday. For the present it will be sufficient to state that we have a wrestling squad of excellent calibre and one which is bound to be heard from on the 22nd inst. in very decisive fashion.

Mr. Smith has had a great deal of experience with a wide variety of athletics and his personal popularity gives him a splendid opportunity of getting the very best out of his pupils. Besides being an amateur wrestler of national reputation, he has won distinction in track and field work. The Montreal Y. M. C. A. hammer record is held by Mr. Smith, while his list of all-round honours and gymnastic championships would cover considerable space.

Here's to Mr. Smith and his squad.
May they win the Championship!

MOCK PARLIAMENT WILL MEET AGAIN ON TUESDAY NIGHT

Conservatives Struggle for
Supremacy—Liberals Hold
Firm—Much Interest

What promises to be one of the most largely attended and interesting of the McGill Mock Parliament will take place on Tuesday evening next.

The Conservatives are working with might and main with a view to obtaining a majority of the members present, and ousting the Government from office. On the other hand, the Liberals are confident that they will succeed in holding the reins of power for another week.

The striking feature of Tuesday night's meeting will be the introduction of a resolution by the Government setting forth their approval of the naval policy of the late Laurier Government with perhaps some slight modifications.

A keen discussion, marked by a high standard of debate, devoid of personalities and without the usual interruptions and exchange of hostilities, is scheduled to take place on this resolution.

The Conservatives believe that their projected policy is a distinct advance upon all previous Liberal legislation, and will endeavor to make convincing truth of the truth of their contentions. In addition to a clear-cut, destructive criticism of the naval programme of the late Laurier regime, they will attempt to bring forward a constructive policy which in their opinion should meet with the approval of a majority of the Canadian electorate.

The Liberals are just as positive that they will be able to anticipate and successfully repulse any policy inaugurated by the Opposition.

For this occasion, only the ablest and most experienced debaters in the Government and Opposition benches are expected to take part in the discussion. The leaders have been urging speakers to prepare their addresses thoroughly, and to speak absolutely without the aid of notes. If present arrangements are carried out satisfactorily, and it seems probable that they will, there should be a great feast of oratory in store for all those who are so fortunate as to be able to attend. The success of this meeting depends quite as much upon a large attendance of members and spectators as upon the efforts exerted by the speakers themselves. Both students and the general public are invited to attend. If you have friends in the city they will appreciate this opportunity of hearing McGill's best debaters and orators hold forth on the burning questions of the day in Canadian and Imperial politics.

Those who can be present at Tuesday evening's meeting may feel assured that the proceedings will be conducted in a truly dignified manner and marked by no unpleasantness. Every effort is being put forth by the leaders of the parties to make next week's sitting such a signal triumph as to atone for all past misdeeds on the part of any of the members, and to make the Mock Parliament what it was intended to be, and what with the exercise of a little forethought and judgment it easily may be—a truly great and pronounced success.

REMEMBER THE SCIENCE DINER IS AT THE QUEEN'S HOTEL ON MONDAY NIGHT! EVERY SCIENCE MAN SHOULD BE ON HAND TO MAKE THIS EVENT THE UNQUALIFIED SUCCESS IT HAS ALWAYS BEEN IN THE PAST.

DRESS REHEARSALS OF VAUDEVILLIANS NOW IN PROGRESS

McGill Show Promises to
Eclipse Records—An Ac-
count of the Acts

The dress rehearsals for the Variety Entertainment to take place on the 17th inst., commence at the beginning of next week, and with the material on hand, the committee feel assured of a complete success.

This year's entertainment will be far above the standard of that set in previous years for the fact that the ladies are taking part in it for the first time.

This will obviously not only mean that the acts themselves will be infinitely better than if the ladies' parts were taken by female impersonators, but will ensure a tone and polish that would be difficult to maintain without their presence on the stage.

Another reason for the high standard of the show, which also of course is rendered obvious if ladies are to take part in it, is the absolute elimination of anything that is in the slightest way indelicate.

Musical numbers form a great feature of the show, but this does not mean that it is assuming the nature of a concert, as the musical numbers themselves are varied and there is also a great variety in the other turns to be produced. One of the great features and one which the committee is complimenting itself on being able to secure, will take the form of a vocal solo by Miss Beatrice I. Fraser. To all lovers of music Miss Fraser needs no introduction, being known by a good many people as the best contralto in the city.

Another great feature will be the presentation for the first time in Canada of a sketch by Mr. Weedon Grassmith. It is produced under the special patronage of the famous English actor who wrote it, and is played by the Strollers' Dramatic Club, a recently formed organization which is to represent the University at the forthcoming Dramatic Contest in Ottawa this spring, by giving the same piece. The play is in reality a series of amusing situations, which, aided by a brilliant dialogue, tell the story of a young amateur artist, who having been mistaken for a professional friend of his, keeps up the deception with very amusing results. Two ladies are taking part in this act, and a great success is anticipated, as they are both quite as talented as any amateur actress could be, and would certainly compare very favorably with most professionals.

An act which is expected to attract a good deal of attention is the "4 Pianophiends," this consists of four of the "crack" undergraduate pianists, who will perform on four pianos all playing at the same time. They will play lively music principally, and have been showing signs of great possibilities at their rehearsals at Layton Bros. piano rooms. The gentlemen taking part in this act are: Messrs. Chenier, Gowdy, Taylor and Gallagher, and need no introduction as pianists to the student body where they are famous for their talent. They will vary their act in between their selections by springing a good line of jokes, and should be quite a favorite act on any show.

Accounts of the other acts will appear in the Daily next week, and in the meantime we advise all who intend to attend the entertainment to book their seats as soon as possible after Monday, 12th, as a packed house is expected.

THE THEATRES

THE MANCHESTER PLAYERS

At His Majesty's Theatre, next Monday Miss Horniman's Manchester Company will open their six weeks' season. The company are due to arrive in Halifax to-day, and will leave on a special train for this city immediately after landing. Two carloads of scenery and properties direct from the Gaiety Theatre, Manchester, arrived early in the week, so everything will be in readiness for the opening performance Monday night, when Bernard Shaw's "Candida" will be presented, preceded by a one-act comedy entitled "Mary's Wedding" by Gilbert Cannan.

It is Miss Horniman's intention to present four plays week during her stay here, so for the balance of the week the programme will be changed, and on Thursday "Nan" and "Make-shifts" will be substituted.

The advance sale has been encouraging, and the season promises to be a big success. During the first week the Western Hospital will participate in the receipts, and it is hoped that capacity audiences will be the rule.

"EXCUSE ME."

Merry farce and laughter by the car load will be at the Princess next week when Henry W. Savage offers Rupert Hughes' "Excuse Me," a play that sets forth the humours of railway travel. This farce only recently left New York where it had been running since the early part of the season, a career that puts a convincing stamp of popularity upon it. The New York run lasted nine months which is remarkable for farce and shows that this play is exceptionally entertaining. At the time "Excuse Me" was on Broadway another company was playing it in Chicago for six months. There is no surer proof of a play's quality than runs like these. "Excuse Me" is a popular success because it makes laughter. It was intended to do just that. The piece is admittedly farce which will never pucker a brow with thought but will stretch every visage, no matter how grim, with mirth. Good farce is capital entertainment, and "Excuse Me" is good farce, the very best. It is bright, clever, witty, and amusing. The play is unique and novel. The entire action takes place in the Pullman cars of an Overland limited express on its run across the Continent. The characters are the passengers and the train crew. The persons are amusing and the types are true to life. The episodes of the journey, the adventures and misadventures of the trip, are comic, and every minute is filled with merriment. The play is capably acted. The New York cast will be seen at the Princess.

ORPHEUM.

Rock and Fulton, famous vaudeville headliners, will be the feature attraction at the Orpheum next week. There is nothing alleged about Rock and Fulton's act, it is all there, just as advertised, and everything the best. Nothing handsomer or more calculated to give an audience the idea that money has been spent lavishly has been offered in the history of the Orpheum Theatre. William Rock and Maud Fulton dance and pantomime their way separately, through a singing and terpsichorean number that makes almost a full act in a musical production.

ANNUAL REPORT OF UNIVERSITY

The annual report of the Governors to the Visitor of the University, His Royal Highness the Duke of Connaught, will be submitted to the meeting of Corporation on Wednesday next. The report covers the period from Sept. 1st, 1910 to Jan. 1st, 1912.

After referring to the happy occasion of the visit of Their Royal Highnesses to McGill in December, the report goes on to discuss the November campaign, which resulted in the enormous sum of \$1,550,000 being collected by the University. It says: "Perhaps of equal value with the amount of money raised is the fact that the Montreal public has at last been brought into actual touch with the needs of McGill. The complete success of the present operations, and the possibility of future progress must largely depend on the practical sympathy and support of the citizens, and it is in the highest degree encouraging to all who are associated with the work of the University that they should have responded so munificently to the first direct appeal made to their generosity for a period of thirty years."

The report goes on as follows:—

"It is a pleasure to set alongside of this noble effort on the part of the Montreal public an individual benefaction, of almost equal amount and with even greater potentialities of usefulness, made by one who, for the greater part of this long period of thirty years, has co-operated most generously with those who have been bearing the main burden of the university needs. At a meeting of the Board of Governors, held on the 4th of July, 1911, the Principal had the great gratification of announcing that he was authorized to state that Sir William Macdonald had entered into contracts for the purchase of the Law, Medicine and other properties lying between the Royal Victoria Hospital and Fletcher's Field, which he proposed to transfer as a free gift to the University. The conveyance was completed in due course, and the University has in this way more than doubled its Fairbrooke St. holdings by the addition of some twenty-five acres of land situated in continuity to the Medical Building. No more valuable or far-sighted gift could have been made to an institution that has to carry on its work in the midst of a large centre of population. It carries with it the best possible promise of future

growth and expansion and secures the University in its main seat for at least a century to come. The uses to which the new campus is to be put, and the general layout of the ground as a whole, will form the subject of much careful consideration.

The opening of the New Medical Building was celebrated on the 6th June, 1911, when Their Excellencies Lord and Lady Grey were the principal guests of the University at a very numerous and attended reception. In declaring the building open, Lord Grey dwelt on the need for the highest kind of medical teaching and research, and enlarged on the mutual advantages derived and derivable by medical schools and hospitals from the closest form of association. This was His Excellency's last public appearance in McGill, and the occasion was rendered all the more memorable by the announcement of an unsolicited gift from Lord Strathcona in the shape of a further donation of One Hundred Thousand Dollars to make the equipment of the Medical School in every way complete.

Earlier in the year the Board had received another donation from the Chancellor. When the Learmont House, adjoining the Royal Victoria College, came into the market, and it seemed desirable to acquire it for the purposes of the College, Lord Strathcona intimated his willingness to assume the cost of the purchase and repairs, and accordingly paid to the Treasurer the sum of \$18,500.

"Among other gifts, quite the most notable was a donation of Twenty-five Thousand Dollars, which the Principal was authorized to make in the name of Dr. James Douglas at the Medical Convocation held at the time of the opening of the new building. Prompted by his lifelong interest in medical research, and by a conviction of the supreme importance in this connection of pathological science, Dr. Douglas offered the above contribution in the hope of securing a further measure of co-operation between the pathological departments of the various hospitals in Montreal and the University laboratories.

"At the same meeting it was reported that Dr. Milton L. Hershey, one of the most distinguished graduates of the University in Applied Science, had completed his promised gift of \$10,000 to the Metallurgical Department, and the Secretary was directed to convey to him the grateful thanks of the Board for his generosity.

"In December, 1910, the Board received from the family of the late Mr. Hugh McLennan, a former Chairman, cash and securities amounting to \$20,000, to be held in trust as the 'Hugh McLennan Fund for Traveling Libraries,' on the terms stated in the deed of donation. This gift, valuable in itself, and full of opportunities of usefulness, is all the more acceptable because the City of Montreal is still without a public library established on any adequate scale, and McGill must therefore continue to co-operate in the effort to fill the blank. Further, the McLennan endowment will serve to perpetuate the name of the head of a family which has, in many other ways, always shown itself to be a true friend of the University.

"A gift of \$2,000 was also intimated on behalf of Mr. Justice McCorkill and other members of the Graduates' Society of the District of Bedford, the income to be devoted to a Scholarship for students from that district. The thanks of the University are due not only to Judge McCorkill but also to the Hon. Mr. Justice Lynch for his friendly services in connection with the gift. This helpful donation from one of our Graduate Societies was supplemented about the same time by action on the part of the Undergraduates Society in the Faculty of Arts, which succeeded in collecting the sum of \$731 for the purpose of founding some form of scholarship in the Faculty of Arts.

A further gift was received in the shape of what is to be known as a "Merchants' Fund," consisting of annual subscriptions from several gentlemen in business circles, for a period of five years, on the understanding that the money thus given shall be expended for the purchase of books on Political Science, Commerce, Banking and Transportation. These subscriptions were secured by the personal efforts of Professor Leacock, and already more than 100 volumes have been added to the library as the result. The announcement of an interesting item in the Librarian's report, presented to Corporation in the Spring of last year.

"The subscribers to the memorial fund, raised to commemorate the life and work of the late Dr. A. A. Browne, decided early in 1911 to connect their gift with the Faculty of Medicine, and the Board had the pleasure of receiving the sum of \$10,000 in this connection, the condition of the gift being that the Fund shall

be devoted to the establishment of a Fellowship to be called the "A. A. Browne Memorial Fellowship," established for the advancement of Medical Science, with special preference for the subject of Obstetrics and Gynaecology, the holder to be chosen from time to time by the Faculty of Medicine, and the appointment to be open to any graduate of a recognized medical school.

THE TORONTO DOPE SHEET

The Hockey Club have arranged a \$10 rate for the McGill match at Montreal a week from Friday. The Basketball team will play at 4.30 p.m. and the hockey match will take place at night. McGill sent down a large deputation early in the season and it is hoped that Varsity will be well represented.

The team leave for their American tour Saturday evening and intend to stop off at Ottawa on their home journey to see the "Canadian" match on the 17th. Many of those who have already made reservations for the McGill excursion, intend to remain over also.

The Varsity II water-polo team will play the Toronto Swimming Club at 8 p.m. tomorrow at the Gym. A lively match ought to result.

The candidates for the water-polo team are so numerous and of such a uniform excellence that Mr. Corsan is at a loss to pick a team for the McGill meet. He has practically decided to have two senior teams, the

one to play McGill and the other to take in the O. A. C. trip. And neither team has anything on the other.

Harvard and McGill played a great game Saturday night at the Boston Arena, the former winning by 3-0. It was their fourth meeting in 6 years and as usual, a large crowd of 'grads' were present.

The McGill Daily, with very creditable enterprise, got out a special Hockey Extra Saturday morning containing a full report of the Queen's Varsity match and pictures of the team that was to meet Harvard that night. Copies were distributed at the Boston Arena, and won approving comments from the grads present. But our worthy contemporary wants subscriptions, not applause—though the latter is always welcome.—Varsity.

PENN. WINS FROM DARTMOUTH. A tie for first place now exists in the Intercollegiate Basketball League as a result of the victory of the team of the University of Pennsylvania over the Dartmouth team at Philadelphia last night. The game was well played and the score was close throughout, ending in a 21 to 18 score in favor of Pennsylvania.

PICKERING TO COACH VERMONT ELEVEN.

The offer of the Athletic Council of the University of Vermont to coach the Vermont football team this year has been accepted by Earl Pickering, captain of the 1911 team of the University of Minnesota.

The women of Wellesley College have resorted to shining shoes in order to raise \$100,000 for a new club house. Faculty members, only are qualified to employ the fair bootblacks.
